

History (HQ Audio)

Groove Armada

I'm sorry for the way that I am
I'm tired of waiting for the past
I'm lookin' for a better place
I'm longin' for findin' my way around So long
Something's stirrin' up in the air
Because it keeps turning me around, oh yeah So long
Something's stirrin' up in the air
Because it keeps turning me around It's startin' to push in my mind
Together, the things that have took over, babe
I'm throwing away all my dreams
Dreams
Dreams
Dreams So long
Something's turning up in the air
Because it keeps turning me around, oh yeah So long
Something's turning up in the air
Because it keeps turning me around
Around, around
Around, around
Around, around So long
Something's turning up in the air
In the air
In the air
In the air
Is this the way around
