

What

Balmy

Within this hour he'll be higher
Maybe more than he has ever been
 Won't be his last time
 He lights the fire to pretend
This is something that will never end
 Too tired to wait for tomorrow
 What?
 What takes him away?
 Gives him breath to say
 What?
 Not a thing
Just a lesson for another day
 What?
 What takes him away?
 Gives him breath to say
 What?
 Not a thing
Just a lesson for another day
He hides in shadows from his silence
 In the dark he fools himself again
 Won't be his last time
He faces nothing that's his comfort in a place
 That he has always been
When he comes down he can't remember
 What?
 What takes him away?
 Gives him breath to say
 What?
 Not a thing
Just a lesson for another day
 What?
 What takes him away?
 Gives him breath to say
 What?
 Not a thing
Just a lesson for another day
 Say when
 Say when
 Say when

Say when
 Say when
 Say when
 Time
 He wants some
 Time
 He needs some
 Time
 What?
 What takes him away?
 Gives him breath to say
 What?
 Not a thing
 Just a lesson for another day
 What?
 What takes him away?
 Gives him breath to say
 What?
 Not a thing
 Just a lesson for another day
