

Beautiful Day

Ziggy Marley & The Melody Makers

Take a look into the sky
'Cause the world is not so pretty
Free myself from worries
So I can see
It's just a beautiful day
It's just a beautiful day You could be sad
But I rather you not be
Don't dwell on the negative
Just the positivity
And it's a beautiful day
It's just a beautiful day
We're always trying to satisfy
These wants and needs
Take you some time
For that inner peace
When our eyes are open
You'll see things differently
There's so much gloom
Hiding the reality It's just a beautiful day, yeah
It's a beautiful day, yeah
It's a beautiful day, yeah
It's just a beautiful day, yeah Take a look into the sky
Take a look into the sky
Keep your head up high
Take a look into the sky
I take a look into the sky
'Cause the world is not so pretty
Free myself from worries
So I can see
It's just a beautiful day
It's just a beautiful day I could be sad
But you rather me not be
Don't dwell on the negative
Just the positivity
And it's a beautiful day
And it's a beautiful day We're always trying to satisfy
These wants and needs
Take you some time
For that inner peace

When our eyes are open
You'll see things differently
There's so much gloom
Hiding the reality It's just a beautiful day, yeah
A beautiful day, yeah
It's just a beautiful day, yeah
It's just a beautiful day, yeah Take a look into the sky
Take a look into the sky
Keep your head up high
Take a look into the sky It's just a beautiful day
It's just a beautiful day
It's just a beautiful day An' no one can take that away
It's just a beautiful day
Don't you feel no way
It's just a beautiful day No one can take that away
It's just a beautiful day
Don't you feel no way
It's just a beautiful day
