

Launch Ramp

Ben Kweller

Go, tack giant mushrooms
To all of the bedrooms
Go yo, to the streets
Impedance with selection
I survey nocturnal thought
As we drive home
Hey, she won
Do, do, do, da do, do, do
Hey, she won,
Do, do, do, da do, do, do
You're just a vacuum tube
Down in the basement
That's of course the game I'm playin'
While my heart goes to the almighty
Solidize my internal thought
As we drive home
Hey, she won
Do, do, do, da do, do, do
Hey, she won
Do, do, do, da do, do, do
You're no fun
Do, do, do, da do, do, do
Since you won
Do, do, do, da do, do, do
