The Invasion of Israel

Saviour Machine

Assemble all the nations for the final dream
To break the scattered people dancing here unseen.
To thee, complete destruction Israel is faced,
Annihilation within warning she is placed.
Apocalypse, Apocalypse,
Behold Apocalypse, behold the rage.
For all the atheistic leaders and crusaders
Have come to plunge the world into this final stage.
This violent sanctuary leads to the insane.
This vile and genocidal lunatic shall reign.
Apocalypse, Apocalypse,
Behold Apocalypse, behold it is done.
The final conflict has begun.
