

I'm Back Again

Lucky Peterson

No, you'll be wondering just what I've been
Since I've been gone, you got yourself a new feel
Im back again, hey, hey, hey, Im back again!
Hey, you know you don't have to worry what shape Im in
Im stranded to tell ya all Im back again!
Hey, check it out!
I love ... well to try something new
But everything I tried, nothing was better than you
Im back again, baby, baby, Im back again, oh yeah!
You don't have to worry no more,
What shape Im in, cause Im back again!
Come on, yall!
Hey!
I don't have a time, ya, the time to mess around
The time to mess around!
I bring you up, when all those put you down!
Im back again!
Oh, baby, baby, Im back again!
I don't have to worry what shape Im in
Im standing here to tell you all Im back again!
Hey! you thought I was gone, but all I did was move
You know, some people, some people, some people say oh
That I even lost my groove, but Im back again!
Baby, baby, Im back again!
You don't have to worry no more what shape Im in
Im back again!
Hey, hey, hey Im back again!
Baby, baby, Im back again!
Ah, Im back again!
I know you thought I was gone, but Im back again!
Don't worry, don't worry no more,
Don't worry what shape Im in
Im back, Im back, Im back
Im back again!
Hey, hey, back again
Im back again!
Don't worry, don't worry what shape Im in
Im back again, hey, hey!
