

I Know Where It's At (Colour System Inc. Vox)

All Saints

I know where its at
I know where its at (I know where its at)
I know where its at
I know where its at (I know where its at)
I know (I know) I know where its at(I know where it's at)
If you wanna have a good time
(I know where it's at)
If you know you've got something on your mind
(I know where it's at)
If you know that you wanna get on down
(I know where it's at)
Don't deny, don't be shy - just come around I've been watching you and I know you like to party, baby
And you know that, that sounds really good to me, yeah
Everybody wants to hang out at my party, baby
don't you know that this is the only place to be
(Don't you wanna come and see, yeah) If you know that you wanna get on down (wanna get on down)
No need to worry cos All Saints will be around
So if you're feeling kinda low, oh baby don't
Cause I'll be here right (right here) by your side (your side) ready to flow (I know where it's at)
If you wanna have a good time
(I know where it's at)
If you know you've got something on your mind
(I know where it's at)
If you know that you wanna get on down
(I know where it's at)
Don't deny, don't be shy - just come around
I know where it's at Move around and get on down do what you wanna, baby
You've gotta be good, you've gotta be good and ready to go
I know you've been waiting for my party all your lifetime, baby

Everybody wants to know Can't you see that there's no one on the streets
Cause everybody knows it's where they've got to be (I know where it's at)
