

Hollowman

Entombed

=====

(lyrics: Andersson,

music: Andersson)

(lead: Cederlund)

the hollow sky is red

the race is on

faces are all dead

the race is on.

It's just a matter of time

(lead: Hellid)

Bedrooms are tombs

cradles are coffins

tears I cannot shed.

a matter of time

a matter of slugs

til' the rats are fed.

Who examines the doctors!

I'm the hollow man

It's just a matter of bullets

in hollow brains

as I wander slowly

thru bullet rains

My hollow eyes

are staring down the hole.

jesus, satan, hitler

bought my soul.

It's rotten and sour

but it's inside of me.

I got faith in the end

but you just can't see.
