

She's Always In My Hair

Prince

Whenever I feel like givin' up, whenever my sunshine turns to rain
Whenever my hopes and dreams are aimed in the wrong direction
She's always there tellin' me how much she cares
She's always in my hair, she's always in my hair, my hair Whenever I feel like not to great at all, whenever I'm
all alone
And even if I hit the wrong notes she's always in my boat
She's always there tellin' me how much she cares
She's always in my hair, she's always in my hair, my hair Maybe I'll marry her
(Maybe I'll marry her)
Maybe I won't
Maybe I will not Lemme tell ya
(Even if I was a gigolo)
If I was a gigolo all my life
(All my life)
She'd still be there
(She'd still be there)
Tellin' me just how much she really cares
(She cares)
She's always in my hair, she's always in my hair, my hair Listen, whenever I feel like givin' up, whenever my
sunshine turns to rain
Whenever my hopes and dreams are aimed in the wrong direction
She's always there tellin' me just how much she cares
(Tellin' me how much she cares)
Tellin' me she's always in my hair, she's always in my hair, my hair
(Always in my hair) She's always in my hair
She's always in my hair
