Fail Epic

The Presets

Open up your eyes, kid
When are you going to learn?
What were you thinking?
You really got some nerve.
Shining in the gold light
Glorious victories
But now you realize its true what ya mama said,
You can win everything, everything, every time.
You?ve never gone too far give up.
You?ve never gone too far give in.
You?ve never gone too far to let go, all that you believe in.
You?ve never gone too far turn back, all that you?ve been fighting for,
There?s still a chance to prove what your mama said
You can win everything, everything, every time.
When you can wear pheromone,
Time to fall in love with him.
Fail epic, Fail Epic.
When the night is bright, clear
And you can reach the stars.
There?s no need to hide,
I?ve seen just what you?re capable of

I know I?ve got the power hidden somewhere deep
The power to lose it all.
When you can wear pheromone,
Time to fall in love with him.
Fail epic
When you can wear, pheromone
Open up your heart,
Fail epic, Fail epic.
You?ve never gone too far give up.
You?ve never gone too far give in.
You?ve never gone too far to let go, all that you believe in.
You?ve never gone too far turn back, all that you?ve been fighting for,
There?s still a chance to prove what your mama said
You can win everything, everything, every time.
Win everything, everything, every time.
Can?t win everything, everything, every time.
Win everything, everything, every time.

Can?t win everything, everything, every time.
Win everything, everything, every time.
Win everything, everything, every time.
Can?t win everything, everything, every time
