

Bipolar

Lollypop

Verse 1:

He says he's an ex double crosser,
He makes love to me,
After he ends it between us,
Confusin me,
Were still together

Homegirl says he's seeing someone else,
A chatline hookup

He hasn't retired of being a poker dealer,
He still plays in clubs of hearts,
He just didn't know he had a queen,
He was a king,
But all he cared bout is gettin it sucked good

Chorus:

He's bipolar
(Bipolar, bipolar)
He's bi-bi-bi-bipolar

After discoverin' his cold hearted, two faced ways
Now he's quick to push me away,
To move on to somebody else

instrumental breakdown

Verse 2:

Now she's all over your face,
Cause she's seeing you all over em other girls,
Reality to webcam,
Phoning to FaceTime,

Now ya wanna come crying back,
Cause ya never had one like no other,

Tellin' me one thing, another to the streets,
He doesn't know what he wants,

He's on that ish'

Chorus:

He's bipolar

(Bipolar, bipolar)

He's bi-bi-bi-bipolar

After discoverin' his cold hearted, two faced ways

Now he's quick to push me away,

To move on to somebody else

2x He's bi-bi-bi bipolar

Bi bi bi bi bipolar

2x he's bi bi bi bipolar

Bi bi bi bi bipolar
