

I'm A Have Not

Blue Meanies

ain't got a job ain't got a home ain't got a place i can call my home got no time got no rhyme and i don't care if
you think it fits i'm a have not got no clue got no view i don't care if i'm out of tune i got vision i got sight and i
don't care if you think i'm right i'm a have not i'm a bore.... what you sleeping for i'm a waste.... you're a waste
of space i'm a loss.... you're a loss of time i'm a space.... you're a hopeless case in no scene got no means to get
me out of the inbetween i'm not punk and i can't skank and i don't care for your social rank stuck in the
populace inside megapolis checking credit testing piss all to be a part of this i am human right i refuse to fight
for your rules for your schools i refuse to be your fuel
