

Get Ready

Shawn Desman

Friday night, at the crib
Thinking about the club that we gonna hit
The spot gonna be hot tonight
So I better be looking tight Grab my coat and my keys
Look out, here comes the Mercedes
And all you ladies coming out tonight
Watch out because tonight I'm gonna get mine To all my players, who be waiting in line
Come on, get in, get ready
To all my ladies, who be dressing real fine
Come on, get in, get ready Anybody who wants to freak it tonight
Come on, get in, get ready
Bring your credit and your money inside
Come on, get in, get ready
Come on in and throw it up Mister DJ, come on and turn it up
This is how we rock it in the T-dot
Come on in and throw it up
Mister DJ, come on and turn it up
This is how we rock it in the T-dot Over here at the bar
Everything looking good so far
I see a shorty come at my way
Better think about what to say She said, "Yo, what the deal?"
Boy, you know it's you that I feel"
So I said, "I going to do you right
Tonight we're going to have a good time" To all my players, who be waiting in line
Come on, get in, get ready
To all my ladies, who be dressing real fine
Come on, get in, get ready Anybody who wants to freak it tonight
Come on, get in, get ready
Bring your credit and your money inside
Come on, get in, get ready
Come on in and throw it up Mister DJ, come on and turn it up
This is how we rock it in the T-dot
Come on in and throw it up
Mister DJ, come on and turn it up
This is how we rock it in the T-dot To all my players, who be waiting in line
Come on, get in, get ready
To all my ladies, who be dressing real fine
Come on, get in, get ready Anybody who wants to freak it tonight
Come on, get in, get ready

Bring your credit and your money inside
Come on, get in, get ready
