

The Thrill

Miguel

[Verse]

Can you roll down a window
I just wanna feel the wind blow, in my face[Bridge]
Cause these moments come one blink at a time
That's why I never wanna close my eyes
Yeah, I can feel them right in the air, tonight
Got a trouble, you can tell[Hook]
And I, can't wait
And I, can't wait
It's the thrill I feel my heart beat racing
And I, can't wait, can't wait[Verse]
Jamie, Johnny and Jack know
Shoot them up, shoot them down, Sh..shh..shooter
Dancing up we never black out
Never chase, never waste, never hesitate[Bridge]
Cause these moments come one blink at a time
And We're just laughing as we lose our mind, yeah
It could be a riot in the air tonight
Start to call it trouble, you can tell[Hook]
And I, can't wait
And I, can't wait
It's the thrill I feel my heart beat racing
And I, can't wait, can't wait[Verse]
Till they play our song, till the lights go on
Till we can't drive home
Shout give me more, give me more
Till we're all alone, till we greet the sun
Give me more, give me more, yeah
Give me more, give me more[Hook]
And I, can't wait
And I, can't wait
It's the thrill I feel my heart beat racing
And I, can't wait, can't wait
