

# What Is Past Is Prologue (feat. Anett Földes)

## Orient Fall

There are three possible conditions of - three possible conditions of lifecycle!

Distract that mask on your face, the wisdom you crawl also needless to say!

Not to tolerate a disgust of your taste. What they, what we fear?

Your inside sorrow is my inside hollow! Here we are: for the world we know!

Let it go: what is past is prologue! One: in the absence of your needs, a universal conspirator will help you just to reach!

(An ancient world in an ancient time is begging on its knees!)

Two: there's another lie, underneath our soul. A fabricated myth how to forget every threat!

Három: ugyanaz a kőzért mindent - a mártókból a kőrtől! Ellenvetés hű-jár a fűjaldombon (szár

gy kőrpőtol majd mindent: Ahol arany (egyenlő) arány erőny pedig nincsen (nincsen),

gy kőrpőtol majd minket minden!

A kőrdő: "Éz vajon mi egy másik?"

Mondd meg nekem: "HOGY MI EGY MÁSIK?"
