Weak Spot

Wu-tang Clan

If only we can lay our hands
On that vixen Yu Shin Hua
Then all our problems will be over
Yu Shin Hua
You thought you'd find my weak spot
But still you failed
The quintessence, father of the hip hop renaissance
My slang been around before baton and Benetton
I've been on, fingerprint, two finger tips
So when I squeeze the rubber grip
Release the clip, then leave the clip
C-Cypher Pigs can't identify it
The true and living God, son, we exemplify it
The most complicated 'formance of life, we simplify it
Bzz, don't knock it 'til you try it
Flying dagger, make 'em stagger, then I take a swagger
Ice cold J
