

# Weak Spot

## Wu-tang Clan

If only we can lay our hands  
On that vixen Yu Shin Hua  
Then all our problems will be over  
Yu Shin Hua  
You thought you'd find my weak spot  
But still you failed  
The quintessence, father of the hip hop renaissance  
My slang been around before baton and Benetton  
I've been on, fingerprint, two finger tips  
So when I squeeze the rubber grip  
Release the clip, then leave the clip  
C-Cypher Pigs can't identify it  
The true and living God, son, we exemplify it  
The most complicated 'formance of life, we simplify it  
Bzz, don't knock it 'til you try it  
Flying dagger, make 'em stagger, then I take a swagger  
Ice cold J
