Zach Farlow

[Hook]

I drink when I wanna, smoke when I wanna
I do, I do, yeah, I do, I do, yeah
And I fuck who I wanna, fuck who I wanna
That's right, that's right, yeah, that's right, that's right, yeah
I'mma get it popping in the summer, hot like a summer
I am, I am, yeah, I am, I am, yeah
And I rap how I wanna, that's how I gonna[Verse 1]
God damn, told me got it popping in a bitch, roll up an elegant and rocking in this bitch
Can't trust these hoes? Why?
Cause they be stalking me and shit
Now the kid about to blow up and they hopping on my dick
Snakes in the grass, nigga pipping on a bitch, eyes on your ass but you 'bout to get it kicked
Got your bitch in the back seat, windows up, that's the way she like to fuck
Back seat, windows up, that's the way she like to fuck
Pulled up and I'm feeling, I put it straight in her belly
I told her your secret but I'm not gon' keep it if she tell me
Tipping that business so I can pull up something
Bitch this the shit that take the city over[Hook]
I drink when I wanna, smoke when I wanna
I do, I do, yeah, I do, I do, yeah
And I fuck who I wanna, fuck who I wanna
That's right, that's right, yeah, that's right, that's right, yeah
I'mma get it popping in the summer, hot like a summer
I am, I am, yeah, I am, I am, yeah
And I rap how I wanna, that's how I gonna[Verse 2]
I know you want a man to teach you how to ball
I know you wanna go on shopping sprees down at the mall
I know you want a girl that show you how it girl
And I got plans, give me your hand and you can have the world
Back seat, windows up, that's the way she like to fuck
Back seat, windows up, that's the way she like to fuck
Playing with the gang, ain't playing with the folk
Shout out to the game, they playing in the most
And I was in the backseats on a backstreet
Getting blown down on the way to the club
Okay, wanna stay, get a boss for the club
Follow to the room, had a coke filled with mud
When I'm done with that bitch, don't fuck with that bitch

Now I'm done with that shit, I'm onto the next shit
