

# Phoenix From The Flames

[Robbie Williams](#)

Silence shields the pain, so you say nothing  
Feel they've rigged the game and you're done with lovin'  
Only you can see the darkness in the northern lights  
Phoenix from the flames, we will rise together  
They will know our names, can you feel it?  
Shelter me from pain, I always wanna feel this way, oh yeah  
Just like a phoenix from the flame  
Wish they'd take you back 'cause you miss Heaven  
Too many bags to pack, so leave them where they are  
Tonight, you're flying on a golden dream  
Phoenix from the flames, we will rise together  
They will know our names, can you feel it?  
Shelter me from pain  
I always wanna feel this way, oh yeah  
Everybody's talking, nobody's listening  
Too busy thinking about what you've been missing  
Everybody said "You're gonna take it too far, baby, now"  
Well come on

When you're done with lovin'  
It comes down to nothing  
Can you feel it?  
Can you feel it? Can you feel it?  
Phoenix from the flames, we will rise together  
They will know our names, can you feel it?  
Shelter me from pain, I always wanna feel this way, oh yeah  
Just like a phoenix from the flame  
Phoenix from the flames  
They will know our names, can you feel it?  
Shelter me from pain, I always wanna feel this way, oh yeah  
Just like a phoenix from the flame  
Why don't you come and deny it?  
You know you can't deny it  
I always wanna feel this way  
Just like a phoenix from the flames
