

# Can't Stop

## Leeland

I can't believe You're here close to me  
It's getting hard to stand but I don't want to leave  
Your beauty stands out  
Like a bright light shining through the clouds  
It's overwhelming just to be with You now I can't stop, I can't stop falling in love with You  
I can't stop, I can't stop falling in love with You  
Your love is in my heart tonight  
(Yes, I know)  
I can't stop, I can't stop falling in love with You  
I'm in love with You In this space and time You touch my soul  
I can't escape Your love for me so You take control  
Your spirit surrounds me  
Close enough to catch me when I fall  
I can't escape Your love for me, I surrender all You've risen like the sun  
Darkness fades with the dawn  
You are the radiant one  
And You give me light
