Nice 'n' Slow

DJ Dextrous

Say it girl, what's on your mind
Are we really for each other?
Trust in me and what I have to do
Let me touch like no otherLady take it slow
So we can let our feelings grow
Give me your lovin' baby
I'll be your lover darlingI sad, take it nice and slow
So we can last forever more
Give me your lovin'
I'll be your lover tonightI wanna take it nice 'n' slow
Baby there's so much I wanna show
I wanna take it nice 'n' slow, yeah
We should take it nice 'n' slow
Baby make it all night long
We should take it nice 'n' slow babyAll I know is how I'm feeling now
Can I be with you my lady?
All I want is just to make it last
Without your love i;m going crazyLady take it slow
So we can let our feelings grow
Give me your love
I'll be your lover, tonightYa know baby, I need your love
Give me your love
Give me your lovin' baby
I wanna know, I wanna know
Give me your love, give me your love, tonight
