

You Got It

Family Force 5

(Verse 1)

I bumped carts at the grocery store
Spilled the display, things all over the floor
But now I'm face to face with you (girl)
Couldn't believe my eyes to see
There stands an angel shopping on aisle three Heaven must need shampoo(Pre Chorus)
Girl, you're so beautiful
Girl, I'm so pitiful
Torn up from the floor up
I can't ignore ya(Chorus)
You break necks when you walk by
You got wings cause you're so fly
You don't even have to try
Baby you got it, you got it
You go bang like a firework
You got flavor like a dessert
I bet you'd look good in my T-shirts
Baby you got it, you got it girl Yeah, yeah, you got it
Oh, yeah, yeah, you got it
(baby, baby) Oh baby girl yeah you got it (you got it)(Verse 2)
I got a crush that's so hard core
You're breaking my heart through the sliding doors
Oh, dolly turn around
Let me talk to you(Pre Chorus and Chorus)That girl, she got it
Twelve on a ten-scale, mmm she's flawless
She got bang, yup she flaunt it
Mhmm, yeah I want it(Chorus)
