

# My Land Is a Good Land

Eric Andersen

Take me to the night I'm tippin'  
Topsy-turvy turnin' upside down  
Hold me tight and whisper what you wish for  
There is no one here around You may sing-song me sweet smiles  
Regardless of the city's careless frown  
Come watch the no colors fade blazin'  
Into petal sprays of violets of dawn In blindful wonderment's enchantment  
You can lift my wings softly to flight  
Your eyes are like swift fingers  
Reachin' out into the pockets of my night Whirling twirlin' puppy warm  
Before the flashing cloaks of darkness gone  
Come see the no colors fade blazin'  
Into petal sprays of violets of dawn  
So prince charming I'll be on two white steeds  
To bring you dappled diamond crowns  
And climb your tower sleepin' beauty  
'Fore you ever know I've left the ground You can wear a Cinderella  
Snow White, Alice Wonderland gown  
Come watch the no colors fade blazin'  
Into petal sprays of violets of dawn But if I seem to wander off in dreamlike  
Looks please let me settle slowly  
It's only me just starin' out at you  
A seemin' stranger, speakin' holy No I don't mean to wake you up  
It's only loneliness just comin' on  
So let the no colors fade blazin'  
Into petal sprays of violets of dawn  
Like shadows burstin' into mist  
Behind the echoes of this nonsense song  
It's just a chase in whisperin' trail of secret steps  
Oh see them laughin' on There's magic in the sleepiness  
Of wakin' to a childish sounding yawn  
Come watch the no colors fade blazin'  
Into petal sprays of violets of dawn
