## Smash Mouth

Hey, so you wanna play  
You see my game's on fire  
But we don't play the same game  
You see I'm greedy for speed  
And neutral means nothing to me  
So if that's your desire  
We'll get along famously  
But one thing I like to lead  
I light 'em up before the motor starts  
I go so fast that I could never stop  
Look on the hood but you don't know what I got  
I'm a moving violation, baby, hot, hot, hot, hot  
Highway, that's my scene  
I may look like a blur when you see me  
And I mean, I'm flirtin' with disaster, I'm a master of G's  
Going faster, gonna pass ya', gonna pass some dust your way, your sayin'  
You got skills, somethin' to prove  
But you're in my way so you better move  
One foot on the peddle but never on the brake  
So don't give me a reason, I got a license to race  
I light 'em up before the motor starts  
I go so fast that I could never stop  
Look on the hood but you don't know what I got  
I'm a moving violation, baby, hot, hot, hot, hot  
I light 'em up before the motor starts  
I go so fast that I could never stop  
Look on the hood but you don't know what I got  
I'm a moving violation, baby, hot, hot, hot, hot  
I light 'em up before the motor starts  
I go so fast that I could never stop  
Look on the hood but you don't know what I got  
I'm a moving violation, baby, hot, hot, hot, hot
