

# Cacti

## Holy Monitor

Tame the fire  
Hold me up  
We're falling higher  
Crawling back  
You must have known it  
Been here before  
You can touch me when I'm gone

It's been a long time  
It's all the same  
Your hands are cacti  
Throwing shade  
You must have known it  
Been here before  
You can touch me when I'm gone
