Six

Mansun

And you see, I kind of shivered to conformity, did you see
The way I cowered to authority? You see
And my life, it's a series of compromises, anyway it's a shame
And I'm conditioned to accept it all, you seeThan I had before, than I've presently got
Than I'll ever use up, than I really need
Than I had before, than I've presently got
Than I'll ever use up, than I really needThan I had before, than I could possibly spend
Than I'll ever use up, than I really need
Than I had before, than I could possibly spend
Than I'll ever use up, than I really needIt's more than I can spare
My religion is cagedSafe from progress, purgatory I know
How does this affect me? Emotionally affect meWill they let me go?
Will they let me go?
Will they let me go?
Equilibrium imbalanced againI feel no pain
I feel no
I feel no pain
Jabberwocky haunts me, in my memory it's cagedI feel no pain
I feel no
I feel no pain
Jabberwocky haunts me, in my memory it's cagedI feel no pain
I feel no pain
I feel no pain
But if you punched me in the stomach, then I'd feel it againFeel no pain
I feel no
I feel no pain
But if you punched me in the stomach, then I'd feel it againLife is a compromise anyway
Life is a compromise anyway
Life it's a compromise anyway
Life it's a compromise anyway
It's a sham and I'll accept it allLife is a compromise anyway
Life is a compromise anyway
Life it's a compromise anyway
Life it's a compromise anyway
And it's a sham and I'll accept it allAnd you see, I kind of shivered to conformity, did you see
The way I cowered to authority? You see
And my life, it's a series of compromises anyway
It's a sham and I'm conditioned to accept it all, you seeThan I had before, than I've presently got
Than I'll ever use up, than I really need

Than I had before, than I've presently got
Than I'll ever use up, than I really needThan I had before, than I've presently got
Than I'll ever use up, than I really need
Than I had before, I've presently got
Than I'll ever use up, than I really needThan I had before, I could possibly spend
Than I'll ever use up, than I really need
Than I had before, I could possibly spend
Than I'll ever use up, than I really needThan I'll ever use up, than I really need
Than I had before, than I've presently got
Than I'll ever use up, than I really need
It's more than I can spend
[Incomprehensible]
