

Making Breakfast

Twin Peaks

Watching the garden grow
Happy happy days
got egg yolk on my bed, Chinese food on the way. watching the garden grow
straight into the sky
got a candle by my window, it keeps me warm at night. Spending time together
watch out... don't let it get you down
Nothing is forever
that's right but don't let it get you down I'm sitting in the back of limousine
just going to a show
wishing you were here, right next to me
Oh, but you already know That I'm the one who loves you
Watch out, but don't let it get you down
and there will be no other
that's right, but don't let it get you down oh yeah
Making Breakfast Watching the garden grow
such a beautiful day
it's raining through the window but I like it that way watching the garden grow
the color of your eyes
is changing with the seasons and god only knows why nothing is forever
that's right, but don't let it get you down oh yeah
