

# Out of Time (Live In Hyde Park, London 3/7/09)

## Blur

Where's the love song to set us free  
Too many people down  
Everything turning the wrong way round  
And I don't know what life would be  
If we stop dreaming now  
Lord knows we'd never clear the clouds  
And you've been so busy lately that you haven't found the time  
To open up your mind  
And watch the world spinning gently out of time  
Feel the sunshine on your face  
It's on a computer now  
Gone to the future way out in space  
And you've been so busy lately that you haven't found the time  
To open up your mind  
And watch the world spinning gently out of time  
And you've been so busy lately that you haven't found the time  
To open up your mind  
And watch the world spinning gently out of time
