Crazy

Zididada

Release date: 1. November 2000
Album: Have a zididada dayOkay - I'm not as cool as you
Never had my big break through
Why I never did it right
Guess That's how I am
Now you wont hesitate to say
Come on make my day
Okay - but it's easier to say
I'm crazy you know(chorus)I might be crazy
but i'm cool enough for you
I might be crazy
but i do know what i'm going through
I might be crazy
But it's good enough for me
As good as it can be(whistle whistle)You consider me a fool
Hope I'm fool enough for you
How pathetic it may seem
I'm still crazy you know(chorus)How dare you believe
You're better than me
Cause I know it's common policy
To control insanity(chorus)I'm still crazy
insanity
