Jennifer Lopez

Is this a warning?
My heart beatin' on an upbeat
(On an up, on an upbeat)
Is this a caution?
That I can't get enough for your need Could it be us
Could it be us
Could it be us
Could it be us
Feelin' you go on and touch my love
Throwing it out here, you go catch up
Could it be us
Could it be us (Could it be us)
Could it be us
I'm right here
Don't wake me if I'm dreaming
Could you be the one without a doubt?
Could I be full your keepin' Could it be us
Could it be us
Could it be us
Could it be us
Feelin' you go on and touch my love
Throwing it out here, you go catch up
Could it be us
Could it be us (Could it be us)
Could it be us
Could it be us
Feelin' you go on and touch my love
Throwing it out here, you go catch up
Could it be us
Could it be us (Could it be us) Could it be us
