There Goes My Heart

Enuff Z'nuff

Hello Monday, you've been so bad
Tuesdays used to make me so mad
Wednesday, you're so lame I'd almost weepThursday was the day I met her
Friday everything got better
Saturday I knew I'd get her Sunday's sweetWell here I go again
I'm standing toe to toe again
I really love to be with you
'Cause you get me so excitedThere goes my heartJanuary, always so cold
February's got me so old
March and April spring out in the wayMay, June and July, September
August sadder than November
It's long but she came by December, saved my dayWell here I go again
I'm standing toe to toe again
I really love to be with you
'Cause you get me so excitedThere goes my heart
There goes my heartOut of my mind
I want you all of the time
I want to call you and say
I want you all of the way
There goes my heartSeven means we're just young and messing
Eight it's just no fun confessing
Nine to Five's become the best thing of my lifeWell here I go again
I'm standing toe to toe again
I really love to be with you
'Cause you get me so excitedThere goes my heart
There goes my heart, oh yeah
There goes my heart
There goes my heart
