

Dance Wiv Me (feat. Calvin Harris & Chrome)

Dizzee Rascal

Ohh, ooh baby
Come and dance wiv me What's up, darlin'?
I been keeping my eye on your movement
I can't see no room for improvement
Why you all over there in your Jack Jones?
You need to let me get behind your backbone 'Cause I'm the man for the job, let me work it
I won't waste no time, I'll make it worth it
One hundred percent, I'll make it perfect
You got a body to die for, let me merk it Now it's murder on the dance floor
I wanna take this further than the dance floor
I ain't forceful but I'm still hardcore
You're gonna give me everything I ask for It's not a long ting, you're the boom ting
Maybe more than a hotel room ting
I'll never know if I just walk past
I really wanna dance so I guess I'll just ask She ain't no hoe
Look at those thighs, it's in her eyes
She's good to go
She can satisfy my mind, body and soul Come and dance wiv me
Come and dance wiv me
Come and dance wiv me
Come and dance wiv me I see you glance at me
That's why I'm asking B
So let's party, B
Come and dance wiv me If I'm out on my own
Then I can look at you looking at me
If I'm out on a date
Then I just shut my eyes, then I can't see Get away from the bar
Tell your boyfriend hold your jar
And dance wiv me I see you glance at me
That's why I'm asking B
So let's party, B
Come and dance wiv me Yo, it goes on and on
I see you get excited like this is my song
You think I wanna get involved
You done nothin' wrong
'Cause I been waiting for this moment all night long So I creep, creep, creep back to your seat
I got my left eye checking out your scenery
I got my right eye right where it needs to be
Don't matter how I look at it, you look good to me Still, I'm looking for the perfect view

The way I see it, that's right next to you
I know you've probably heard it before but still
I love it when you flex like that for real So don't stop doing what you do when you do it
I just wanna be a part of it when you do it
I'll feel like a wally if I don't pursue it
And I can't go through it, so let's get to it She ain't no hoe
Look at those thighs, it's in her eyes
She's good to go
She can satisfy my mind, body and soul Come and dance wiv me
Come and dance wiv me
Come and dance wiv me
Come and dance wiv me I see you glance at me
That's why I'm asking B
So let's party, B
Come and dance wiv me I know you didn't come out to stand and stare
You bought new shoes and you did up your hair
You made a real effort tonight and it shows
I can tell by your face you don't wanna be alone 'Cause the mood is right and the time is now
And if you can't do it, I'll show you how
All you gotta do is get loose, let go
Just throw a couple shapes, put your skills on show If I'm out on my own
Then I can look at you looking at me
If I'm out on a date
Then I just shut my eyes, then I can't see Get away from the bar
Tell your boyfriend hold your jar
And dance wiv me I see you glance at me
That's why I'm asking B
So let's party, B
Come and dance wiv me If I'm out on my own
Then I can look at you looking at me
If I'm out on a date
Then I just shut my eyes, then I can't see Get away from the bar
Tell your boyfriend hold your jar
And dance wiv me
