Trial

Destroyer Destroyer

From a hallway mirror I saw him
As he drank from the water fountain
Then Jeffrey walked into the courtroom
With a tight suit that was dark blue
Ten feet away the cannibal containedI went to see Jeffrey Dahmer's trial
To see the man that committed the acts most vile
To hear some of the testimony
And listen to what the witnesses sayI waited in line to see him
Through the bulletproof wall in the courtroom
And I had a seat in the front row
To watch Jeff like a circus sideshow
Ten feet away, the cannibal displayedIt's off to see Jeffrey Dahmer's trial
To see the man that committed the acts most vile
To hear some of the testimony
And listen to what the witnesses sayIt's off to see Jeffrey Dahmer's trial
To see the man that committed the acts most vile
To hear some of the testimony
And listen to what the witnesses say
