

# I Want You To Meet My Friend (feat. Tom T. Hall)

[Larry Sparks](#)

You ask me why I seem so happy--  
With all of the trouble I've known,  
Well there is someone that I go to---  
I never face trouble aloneHe's here when I wake every morning--  
He walks with me thru the days end,  
Come down to my church Sunday morning---  
I want you to meet my friend  
(chorus)  
He's not my employer and he's not my boss--  
You won't even see him, he died on a cross---  
But if you are looking for comfort within,  
I want you to meet my friend---Now I know that you have your sorrows--  
And you know that I have them too,  
With all of the comfort he gives me---  
I know he'll give comfort to youHe doesn't care if you are wealthy--  
Or don't have a nickel to spend,  
Come down to my church Sunday morning---  
I want you to meet my friend  
(repeat chorus )
