

# Fly to the Angels

## Slaughter

Pictures of you  
Oh they're still on my mind  
You had this smile  
That could light up the world  
Now when it rains it seems  
The sun never shines And I drive  
Down this lonely, lonely road  
Oh I got this feelin'  
Girl I gotta let you go  
Cause now you've to fly (fly high)  
Fly to the angels  
Heaven awaits your heart  
And flowers bloom in your name  
Woahh oh  
You've got to fly (fly high),  
Fly to the angels  
All the stars in the night  
Shine in your name Though it hurts me way deep inside  
When I turn and look and find  
That your not there  
I try to convince myself  
But the pain,  
The pain is still not gone  
Still I drive  
Down this lonely, lonely road  
Oh I got this feeling,  
Girl I've got to let you go But now you've got to fly (fly high)  
Fly to the angels  
Heaven awaits your heart  
And flowers bloom in your name Whoa  
You've got to fly (fly high)  
Fly to the angels  
All the stars in the night  
Shine in your name Fly And still I drive down  
This lonely, lonely road  
Oh I got this feeling  
Oh, I can't let you go But I know  
That you've got to fly (fly high)  
Fly to the angels

Heaven awaits your heart  
And flowers bloom in your name  
Whoa oh oh oh  
You've got fly (fly high)  
Fly to the angels  
All the stars in the sky  
Shine in your name, yeahOw  
Oh oh oh oh oh oh  
Baby, oh  
Oh oh oh oh oh oh  
Oh yea  
Oh oh oh oh oh ohI'm gonna miss you  
Miss you girl
