It's Got You All Over It

Tracy Lawrence

Today my radio played a new love song
Pretty soon, I was singing along
When the chorus came around, I knew
Every word, every line was written about youIt's got you all over it like a sweet melody
That you can't forget
Reminds me of the love I'm in
It's got you all over itFrom this ear to ear grin on my face
To this feeling that makes my heart race
Even in the dreams, I dream at night
Well I guess, you could say I've got a one track mindIt's got you all over it like a sweet melody
That you can't forget
Reminds me of the love I'm in
It's got you all over itThe future so bright
It's got you all over it like a sweet melody
That you can't forget
Reminds me of the love I'm in
It's got you all over itIt's got you all over it like a sweet melody
That you can't forget
Reminds me of the love I'm in
It's got you all over it
