The Day Before Christmas

Shelley Duvall

Look! It's snowing
And the North Wind's blowing
All the kids are going for a ride on a sleigh
The sleigh bells are ringing
And the kids are all singing
It's the day before Christmas day

We'll go skating
On the frozen lake and
Then we'll build a snow man right away
Tomorrow's Christmas
What a great day this is
It's the day before Christmas day!

It's the day before the night before
Christmas
It's the day before the holiday
It's the day before the night and so this is
The day before Christmas day!

We'll hang up our stockings
The color's something shocking
While the clock's tick tocking-all the time away
Old Santa Claus is running
Hear his reindeer a-coming
Right through the Milky Way

Tomorrow morning
In the bright early dawning
We'll be up and ready-come what may
Go to sleep stop yawning
Tomorrow's Christmas morning
It's the day before Christmas day

It's the day before the night before
Christmas
It's the day before the holiday
It's the day before the night and so this is
The day before Christmas day!

The snowflakes will be falling
And the snow birds will be calling
The trees will all be dressed in white
But inside the fire is glowing
Mom and Dad are mistletoing
It's Christmas Eve tonight

It's the day before the night before Christmas
It's the day before the holiday
It's the day before the night and so
This is
The day before Christmas day!

It's the day before the night before
Christmas
It's the day before the holiday
It's the day before the night and so
This is
The day before Christmas
The day before Christmas
It's the day before
The night before
The night before
The day before
