

# Need to Get Some

## Division of Laura Lee

You need to get some  
You need to get some  
You need to get some  
You need to get 'Cause everybody is havin' fun  
Everybody is havin' fun  
And everyone keeps  
On askin' me, yeah  
About all the things  
That we've been waiting for It's not just you, it's not just me  
It's not just you  
We're dealing with everyone  
Hey everyone Deliver your money  
Deliver your soul  
Deliver your freedom Hey, give 'em the truth  
And the just might follow  
Give 'em the truth  
And they just might You need to get some  
You need to get some  
You need to get some  
You need to get Are you sad when my deal?  
I give you more to reveal  
I'll give you everything  
Everything you need  
You're not the only one It's not just you  
It's not just me  
It's not just you We're dealing with everyone  
Hey everyone Deliver your money  
Deliver your soul  
Deliver your freedom Hey, give 'em the truth  
And the just might follow  
Give 'em the truth  
And they just might You need to get some  
You need to get some  
You need to get some  
You need to get some  
You need to get some 'Cause everybody is havin' fun  
Everybody is havin' fun  
And everyone keeps on askin' me, yeah  
About all the things that we've waiting for
