

Hope Saved My Life

Brian Courtney Wilson

It's looking better
And I'm loving the weather
Things are coming together
Now I'm smiling again
(verse2)

Hope is the reason
There's a changing of seasons
And if we keep believing
We'll be smiling again
(pre)

It's the first day
Of the best days
Of my life
All because hope
Saved my life
I survived
And now I'm living and giving
Hope showed me the way
This is the first day
Of the best days of my life
(verse 3)

This is the day
I have been waiting so long for
It's the chance to see
What I've been longing for
(pre)

() 2x

I'll keep on saying
That things are changing
I'll keep believing
Hope is all we need
I'll keep on praying
Things are changing
By faith I'll see it
Hope is all I need
(pre vamp)

(choir sings Hope while ad libs the following)

We need hope
Hope for the world

The hope of nations
For every boy and girl
He put a rainbow
In the sky
So that we would know
We don't have to cry
So wipe your tears
Say goodbye to fear
The worst is over
And the best is here
So keep on hoping
Keep on praying
Keep believing... Yeah!!!!!!
(vamp)

I gonna make it
Yes I'll make it
I'm gonna make it
if I just have hope
