

Walter

The Yawpers

Living is easy in a world like mine
Nothing can leave you or die
There's no need to be the type of man who gets sick of everything that he loves
I've never been pretty, I've never had charm, but I go to a place I get by
Take my hand friend and I'll stay a child, if you don't I'm a full grown man
Hey, I'm Walter
I'm out here living in a juvenile lie
Hey, I'm Walter
No pressure here and I do what I like
Hey, I'm Walter
Don't know who I am, but I still got time
Hey, I'm Walter
I'm out here living in a juvenile lie
Enemies they can make you whole, but I never really felt it like this
Get it man, it's comfortable, it's wonderful it's bliss
Hey, I'm Walter
I'm out here living in a juvenile lie
Hey, I'm Walter
No pressure here and I do what I like
Hey, I'm Walter
Don't know who I am, but I still got time
Hey, I'm Walter
I'm out here living in a juvenile lie
Won't you be my friend
Help my ends
Justify my means
Well I'm living in it
Hey, I'm Walter
I'm out here living in a juvenile lie
Hey, I'm Walter
No pressure here and I do what I like
Hey, I'm Walter
Don't know who I am, but I still got time
Hey, I'm Walter
I'm out here living in a juvenile lie
