# Daylight

## Chicane

Is it daylight? I hardly ever notice
I hardly feel the sun and I never feel anyone
Is it daylight? I hardly ever notice
I hardly feel the sun and I never feel anyoneAnd if you could hold me now, oh baby
Then we could go around again
And if you could hold me now, oh baby
Then we could go around againIs it daylight? I hardly ever notice
I hardly feel the sun and I never feel anyone
Is it daylight? I hardly ever notice
I hardly feel the sun and I never feel anyone
