

Losing Sleep (Still, My Heart)

[Vangelis](#)

Losing sleep
In a waking dream A recurring face I see
Comes to pass my way Still, my heart
Will you please be still, my heart
In this world of change
You keep turning me 'round again In my mind
Could it be that I'm just a fool for love?
Is blind to danger Is this faith?
Then why should I
Hesitate when love would dance with a stranger? Shout it loud from the rooftop high
Let it burn inside
And try only to fade and die If I knew all there was to learn
Every twist and turn
Why do I still try?
