Candy Boy

Myra

Lips like cinnamon
Feel like giving in
To the sweetest eyes I've ever seen
Strawberry kiss with a touch of licorice
With a voice of chocolate cream
He's perfection, pure confection
My sugar baby, my bubble gum
Melts in my arms like raspberry charms
It's a sugar high and it don't last long
Oh, oh, oh
Gonna shake it up
With my candy boy
(Candy boy)
Oh, oh, oh
He's my buttercup
He's my candy boy
(Candy boy)
Smooth like caramel, peppermint carousel
Hold on tight 'cause here we go
He's my lollipop and my lemon drop
No artificial sweet'n low
He's perfection, pure confection
The carousel goes round and round
He's my soda pop, I gotta stop
It's a sugar high and you gotta come down
Oh, oh, oh
Gonna shake it up
With my candy boy
(Candy boy)
Oh, oh, oh
He's my buttercup
He's my candy boy
(Candy boy)
Time is melting away
Something this good
You know was never here to stay
No need to explain, one day it's gone
Like sugar in the rain
Gimme your sweet kisses now

Oh, oh, oh
Gonna shake it up
With my candy boy
(Candy boy)
Oh, oh, oh
He's my buttercup
He's my candy boy
(Candy boy)
