Disappeared

3t

Was afraid
That you would hurt me this way
Girl, I thought that you said
That it would be okay
But now you are gone (you've gone away)
And I'm feeling lonely again
Don't know how, why or when
You decided to leave me

What am I supposed to do?
There's no way I'll survive
I really need to turn to you
But you're not by my side

'Cause you just disappeared
Walked away from me
And left me all alone
Without a reason why
Didn't even say goodbye

You just disappeared
Walked away from me
And left me all alone
When you know I need you girl (ooh ooh)
You just disappeared from my life (hmm mmm)

I don't understand
Why it all had to end
You were like my best friend
I just can't believe it (just can't believe it girl)
Where did it go (where did it go?)
Was it something I said?
Or could it be it was just too much too soon?
Was I too in love with you?
What am I supposed to do?
There's no way I'll survive
No I need to talk to you
But you're not by my side

'Cause you just disappeared

Walked away from me
And left me all alone (left me all alone)
Without a reason why
You didn't even say goodbye

You just disappeared (you just...)
Walked away from me
And left me all alone
When you know I need you girl (ooh hoo ooh)
You just disappeared

Why did you think it's cool to play with my heart
I give my love and my life to you
So many things that we planned to do
I keep on wishing that one day you'll be back (one day you'll be back)
And rescue me from this hurt and this pain

You just disappeared
Walked away from me
And left me all alone (you left me all alone)
Without a reason why
Didn't even say goodbye

You just disappeared (you just disappeared)
Walked away from me
And left me all alone
When you know I need you girl (ooh hoo ooh)
You just disappeared from my life (you just...)

Disappeared
Walked away from me
And left me all alone (left me all alone)
Without a reason why
You didn't even say goodbye

You just disappeared (disappeared)
Walked away from me (oh girl)
And left me all alone
When you know I need you girl (ooh hoo ooh)
You just disappeared
