You And Me

Hard-fi

I have my problems, I have my share
I can't see anyway out, I think I'm stuck here
But then I see you, I wanna touch you
I can't explain it away, I really want you
Do you think that we'd make it?
Without you in my life, I'd hate it
Sit about and debate it
I'm sick of hanging around, oh yeah
Girl, you and me, girl, you and me
We've got to go, we've got to leave
Get on a plane, head for the sun
We've got to go, we've got to run
And every morning, I go to work
Pay me the minimum wage, treat me like dirt
But then I see you, I wanna kiss you
I can't explain it away, I really want you
Do you think that, we'd make it?
Without you in my life, I'd hate it
Sit about and debate it
I'm sick of hanging around, oh yeah
Girl, you and me, girl, you and me
We've got to go, we've got to leave
Get on a plane, head for the sun
We've got to go, we've got to run
I have my problems, I have my share
I can't see anyway out, I think I'm stuck here
But then I see you, I wanna touch you
I can't explain it away, I really want you
Girl, you and me, girl, you and me
We've got to go, we've got to leave
Get on a plane, head for the sun
We've got to go, we've got to run
Girl, you and me, girl, you and me
We've got to go, we've got to leave
Get on a plane, head for the sun
We've got to go, we've got to run
