

Not Like Us

Brantley Gilbert

Yea every small town got its boss hog
Big dawg steady runnin' the show Yea attitude, tattooed, sleeves rolled up
He's all swolled up and nowhere to go
Everybody's rollin' 'round
In 4-wheel drives
And jackin' up their trucks
Yea they think they livin' it up
Not Like Us
We're on another level
These folks 'round here
2-steppin' with the devil
I'm callin' y'all bluff
Y'all drinkin', y'all smokin' it up
Show me what cha got boy
I'll show you that cha not like us
Wanna be
Yea you know you wanna be like us
Wanna be
But cha never gon' be like us
Not like us
2]
Everybody likes to light it up
With your buddies get to buzzin' like a neon light
Hit the strip, get it lit man, take another sip
Hit a lick on a Saturday night
Yea they closin' down and throwin' down
Until the sun comes up
Yea they think they livin' it up man but
Not Like Us
We're on another level
These folks 'round here
2-steppin' with the devil
I'm callin' y'all bluff
Y'all drinkin', y'all smokin' it up
Show me what cha got boy
I'll show you that cha not like us
Wanna be
Yea you know you wanna be like us
Wanna be

But cha never gon' be like us
Not like us
Everybody's rollin 'round
In 4-wheel drives
And jackin' up their trucks
Closin' down and throwin' down
Until the sun comes up
You say if I want one of y'all
You know I got chu all
Every one of us wants all of all y'all, wassup! We're on another level
These folks 'round here
2-steppin' with the devil
I'm callin' y'all's bluff
Y'all drinkin', y'all smokin' it up
Show me what cha got boy
I'll show ya that you're not like us
Wanna be
Yea you know you wanna be like us
Wanna be
But cha never gon' be like us
Not like us
Outro]

Look here
Some of y'all phonies
You need to stay on the porch
Ohh mercy
