Rise

Texas Hippie Coalition

What makes you think you can make me stop
You know that there is no conquering me
What makes you think you can make me stop
You know that there is no stoppin' meWhat makes you think you can make me stop
You know that I will not break nor bend
What makes you think you can make me stop
From seeing that this is your living endRise it's time to rise let our flag fly
It's time to rise
Rise let us now rise let our flag fly
It's time to rise riseThough they are rebels and sweet patriots
Like the Alamo we must never forget
If ever divided it will be our demise
If we stand together then our flag will rise
Once you go down you never get up
There is no settling scores with me
Once you go down you never get up
This is why no one wars with meOnce you go down you never get up
God only know the torture I bring
Once you go down you never get up
Forever known as the knock out kingRise it's time to rise let our flag fly
It's time to rise
Rise let us now rise let our flag fly
It's time to rise riseIf we can not do this for the lives that they saved
Well let us then honor the lives that they saved
We do this all in loving memory
Raise our flag high for the whole world to see
Though they are rebels and sweet patriots
Like the Alamo we must never forget
If ever divided it will be our demise
If we stand together then our flag will riseRise it's time to rise let our flag fly
It's time to rise
Rise let us now rise let our flag fly
