Love the Life I Live

Steve Miller Band

I see you watchin' me like a hawk
I don't mind the way you talk
But Lord protect me, something's got to give
I live the life I love and I love the life I liveSo if you see me and you think I'm wrong
Don't worry about me, just let me alone
My sweet life ain't nothin' but a thrill
I live the life I love and I love the life I liveA diamond ring and some money too
Tomorrow night they could belong to you
These girls woo me at their will
I live the life I love and I love the life I liveMay bet a thousand on a bet this time
One minute later, I can't cover your dime
Tomorrow night, I might be over the hill
I just want you to know, baby, the way that I feel
