

# Happy in Love

Glenn Miller

Old lies  
Half right  
Happy in love  
Long list  
In black pen  
Happy in love  
Loose grip, and tight lipped  
Thinning your blood  
Begging  
Not sleeping  
Happy in love  
Coming over and apart

Lonely, I look at you  
You're shaking and so confused  
I'm lost somewhere here in my mind  
Perfect but no feeling left  
Happy in love  
A slow drift  
You don't notice it  
Happy in love  
Coming over and apart  
Lonely, I look at you  
My dead logic overview  
I'm buried out back there in my mind.
