Take Me Up

Scotch

Take me up
take me upTake me up
takeTake me up
take me up.Don't ask me why are you waiting for love
tonight.
Please
take me in hastily
I have a good time
it's right.
Come with me and sing forever
I believe it's raining here.
What you gonna do tomorrow if you wanna be my star?
Look the rainbow at the mountain
stay with megive me your time.You take me up with anything
you take me up with anythingYou take me up with anything
you take me up with anything.
Don't ask me why are you waiting for love
tonight. . . .
What you gonna do tomorrow if you wanna be my star?
Look the rainbow at the mountainstay with me
give me your love.
You take me up with anythingyou take me up with anything. . . .
Take me up
take me
take me uptake me up
take me up
up
